Dear Network friends:

The Executive Committee of the Delaware Valley CDISC Users Network (DVCUN) is pleased to invite you to our next Face-to-Face Meeting on **Tuesday, March 29, 2011 from 1:00 - 4:30 PM at BioClinica in Audubon, PA.**

We have a well-rounded agenda with a variety of very timely CDISC topics, ranging from CDASH to Controlled Terminology to SDTM to ADaM to Therapeutic Area standards.

Our CDASH sessions will include an overview of the forthcoming CDASH User Guide (CDASHUG) and a breakout session where attendees will have the opportunity to annotate case report forms to the CDASH standard. Among other things, attendees will be able to see how this compares with annotating a CRF to the SDTM standard.

Our SDTM/Controlled Terminology session will include an overview of the methodology that the SDS Questionnaires (QS) Subteam has defined for developing standard terminology for the SDTM QS domain.

Our SDTM and ADaM updates session will include a discussion of the current hot topics and standards in development for each of these areas. Some potential items for discussion include the forthcoming ADaM Adverse Events Analysis Dataset (ADAE) standard and the proposed SDTM Draft Standard for Trial Use (DSTU) Amendment 1 to SDTM v1.2 / SDTM IG v3.1.2.

Our Therapeutic Area standards session will include a brief update from CDISC on the current therapeutic area standards that are in development.

In addition to our speaker and breakout sessions, several posters will be displayed to provide updates from the CDASH, Devices, SDTM, and Therapeutic Area teams. The refreshment break will provide a great opportunity for reading these posters as well as for networking, reconnecting with former co-workers, discussing your CDISC issues with others, or just relaxing.

Pre-registration to this meeting is required so that we can adequately prepare the conference facilities and any handout materials. To pre-register, simply send an email to DV_CDISC_UN-owner@yahoogroups.com, indicating your name and your company affiliation. The pre-registration deadline is end-of-business on Friday, March 25th. There is no cost to attend this meeting!

The agenda and meeting directions are on the next page.

Please feel free to forward this announcement to others who may be interested in attending.

**We look forward to seeing you on March 29th!**

**Executive Committee of the Delaware Valley CDISC Users Network**
